THE BOOK OF THE WORD

a touring exhibition presented by MOCA London

Following on from the international success of the *Nature Morte* book and touring exhibition, Michael Petry intends to follow the same model with his next publication *The Book of the Word*, a volume documenting contemporary typographic art which will be released by Thames and Hudson in 2018.

Nature Morte, by Michael Petry

FINLAND 2017

Helsinki Contemporary, Helsinki
9 June - 2 July 2017

In June of 2017 Petry curated an exhibition at Helsinki Contemporary, Finland featuring 18 internationally acclaimed artists who will be included in the forthcoming book. Pieces from Liliane Lijn, Gavin Turk and Mark Flood were shown, among many others. This is an exhibition that will be expanded upon and toured elsewhere in 2018 and beyond, just as *Nature Morte* was presented before it.
